## How e-learning went in January

January has come and gone bringing new excitement surrounding e-learning. A couple things to remember with e-learning...

1. If you do not have internet connection or are having technical difficulties, a parent will need to call the attendance line to report your situation in order for you to not be marked as absent from class. You will then have 3 days to make up the missed assignments.
2. Teachers have been asked to have all assignments in google classroom no later than 9:00 AM.
3. We cannot have 2 e-learning days in a row. This includes Friday-Monday educational days.
4. Any days that have been cancelled and we are not doing e-learning, we will make those days up at the end of the year. This includes the cancellation day on January 15.

This new system of education is intended to be an educational day and should be prioritized. If you have any questions regarding e-learning, please don't hesitate to contact us.

Mrs. Jennifer Reiff  
Principal

Mr. Lyle Kuhmichel  
Assistant Principal

Miss Andrea Salmon  
Dean of Students

## Employment Statistics in Whitley County

According to data reported by Northeast Indiana Works, Whitley County is expected to see an increase of 25% in the labor market for the manufacturing sector. Increases are also projected in such areas as Wholesale Trade, Construction, Transportation and Warehousing.

The EDC data and data from the Indiana Department of Workforce Development shows that in our area, manufacturing makes up 10% of our area businesses, employs 40% of our workers, and provides 65% of wages in Whitley County.

Manufacturing is a driving force in the economy in Whitley County. This data goes on to show that in our region, based on total occupations, there will be 108,442 projected job openings by the year 2022, with 32,235 projected openings due to economic growth, and 76,207 openings due to retirements and replacements.
